Summary

As a tech enthusiast with a passion for cutting-edge technologies, I have honed my skills in programming languages such as C, JavaScript, and Python, as well as modern web development frameworks like React, Next.js, and Tailwind CSS. My expertise in building innovative and effective software solutions is complemented by my knowledge of backend technologies like Supabase.

I thrive on taking on challenging projects that push me to learn and grow. I am constantly exploring new technologies and best practices to stay ahead of the curve and deliver cutting-edge solutions that meet the evolving needs of the industry.
